

Toy Donation Guidelines

Gifts like toys are used to stock the playroom, to celebrate a special occasion, and as a positive distraction during a scary procedure. Thank you for bringing smiles to our patients! For more information or to start planning, please contact InKind@LPFCH.org.

For infection control reasons, all items must be brand new.

Gift cards allow Child Life and Creative Arts to purchase custom gifts for unique patient needs.

Monetary donations can be designated to the Child Life Fund.

Please no food, toy weapons, nor handmade cards or letters for patients.

Donations are distributed to children by hospital staff.

Please do not gift wrap items.
